No petition for any Private Bill shall be received by the House after the first 10 days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session.

- (a) a printed copy of such Bill;

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of \$300.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first 10 days of the Session, the amount to be paid to the Clerk shall be \$600. If the Bill shall not pass second reading, one-half of the fees shall be returned.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in *The British Columbia Gazette* and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the causes of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. #### APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PR-1710

**Preamble**—The present operation of the landfill is confined to Lot 2 of B of 1 (Plan 6981) and Lot 1 of A of 1 (Exp. Plan 14351) and remainder of Lot A (Plan 6682) as shown in Appendix A of the permit. The landfill operation is very close to its capacity and will run out by early 1979. Presently, leachate is being controlled by ditching along the easterly boundary to the southeast corner of the landfill site, and water is being diverted away from the site.

The district is hereby applying for an amendment to the permit to extend the limit of the landfill eastwards about 300 feet or to not closer than 100 feet from the creek, as shown on the application. With the extension, the operation of public dumping will be improved by the implementation of a transfer station. Public access to the landfill will be confined to the entrance road and the transfer station will be at the end of this road. Containers will be used to limit the public dumping area. The entrance road and transfer station will be constructed in early 1979. The finished portion of the landfill will be landscaped with topsoil and grass on top of an impervious layer. Trees or shrubs will be planted along the westerly boundary of the landfill site to act as a screen from Cottonwood Drive.

Leachate will be carefully controlled in conjunction with the proposed extension work to Pollution Control Board requirements. An interceptor ditch will be installed on the northerly boundary of the site to divert surface water to the west side of Cottonwood Drive. The existing landfill contours will be finished such that the majority of precipitation will drain toward Cottonwood Drive.

An interceptor ditch and a berm will be constructed along the easterly boundary to effectively prevent against any leachate discharging to the creek. The leachate will be contained in a retention pond at the southeast corner of the extension, and any excess amounts of leachate will be carried away by septic tank pumping trucks, to the municipal sewage treatment plant or will be suitably treated on site.

Soil investigations are being conducted in the proposed extension to ascertain the soil conditions. If necessary an 18-inch compacted impervious material layer will be placed, prior to any landfill operation. These steps will prevent the leachate from entering into the creek.

A strip along the northerly boundary of the proposed extension will not be cleared so as to remain as a buffer strip. Clean up and landscaping of the finished portion of the proposed extension will be a continuing process, so as to minimize noise and vermin.

In conjunction with the proposed expansion, effort will be made to minimize the impact of leachate and to landscape the finished portion to increase its aesthetic value. It is the district's intent to operate the landfill in an efficient manner, and to complete the landfill in a park-like fashion.

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) or (3) of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

The Corporation of the District of Maple Ridge, 11890—224th Street, Maple Ridge, B.C. V2X 6A9, hereby applies for amendment to Appendix A of Permit PR-1710, issued on November 30, 1972, in favour of The Corporation of the District of Maple Ridge.

To authorize additional or other works than those previously authorized and substituting in its place the following: "Site Plan."

I, N. A. Cook, Administrator, hereby certify that a copy of this application has been received by the Dewdney-Alouette Regional District.

This application, dated December 15, 1978, was posted on the ground in accordance with the Pollution Control Regulations.

Issue of cheques for a refund of any amount not required is the responsibility of the Ministry of Finance and some delay in the issue of refund cheques can be expected.
